SWIMWEAR UP TO A J CUP

A woman with dark, wet hair is wearing large, round, gold-rimmed sunglasses and a colorful floral bikini top. She is standing in front of a background of palm trees under a clear blue sky. The text "THE PERFECT ESCAPE" is overlaid in a large, serif font across the center of the image.

THE PERFECT ESCAPE

IT'S WHO I AM

FANTASIE
Since 1951

NOTES FROM THE DESIGNER

Fantasie Swim for SS21 champions bold prints in an eclectic colour palette that will leave you dreaming of warmer shores far away.

All-new Santa Catalina takes the top spot on our front cover, and is inspired by the merging of two of this season's biggest print trends. Featuring a mix of leafy, tropical flora on a crisp white ground, look out for the subtle animal print that gently weaves throughout the design.

We continue our exploration of mark makings with Kotu, Lindos and Boa Vista. All three collections feature abstract animal prints, yet are completely different in their look and feel. I think this definitely shows just how versatile this trend is, and why it just keep reemerging every season!

The same of course, can be said for lush tropical florals, and no swim season would be complete without them really. Monteverde has put a Pop Art spin on its botanical design, whilst Vilamoura teams its bold design with an even bolder colour palette of yellows, aqua blues and khakis, all popping against a Lollipop ground.

You will be pleased to know we have continued our sustainability journey for SS21 too, with the use of regenerated yarns in two of our collections Vilamoura and Burano. Read more about these yarns on the collection pages.

Aside from new designs, expect nothing less than our signature support and uncompromising fit, because at Fantasie, we know the power that great fitting swimwear has to elevate your confidence, and to make you feel at complete ease when you most deserve it.

THE PERFECT ESCAPE

This is what tranquillity is made of.
Idyllic surroundings, crystal-clear waters
and precious time to myself. Being able
to truly unwind when I'm on holiday starts
with the perfect fit. That's why I'm never
without my Fantasie swimwear.

OUR POS

Point of Sale pieces are an invaluable tool to increase your sales, by displaying the latest collections available in-store to your customers.

For SS21, we are continuing to offer all accounts our branded display frame and full collection of A4 posters.

The portrait, freestanding frame is refillable, so if you received this item of POS last season, this time around, you will just receive an updated pack of A4 posters for SS21 for you to update your existing frame with. As per last season, you will automatically receive all imagery, for all collections.

If you are a new customer, you will receive both the frame and posters. Please note, any customers who take Swim and Lingerie will receive two separate frames so they can support both in-store at the same time.

As always, we encourage you to ensure that the POS you use is prominently placed, with minimal clutter in the surrounding area, to maximise the effects of your display.

Please note POS may be delivered separately from product due to packaging.

Good luck for the upcoming season,

The Wacoal Europe Marketing Team
